## Allergy, Asthma, and Sinus Relief Program

Allergies are a sign of a weakened immune system-here's how to strengthen it.

The prevalence of allergies has increased in the last 15 years; now approximately 1 in 5 people in the US suffer with allergy and sinus problems. Often they feel they must resort to using medications that have unpleasant and even dangerous side effects. For those who may be interested in safer, more natural alternatives. some of the following products may be of interest.

Vita-C-Known to be a natural antihistamine and a strengthener to the immune system. Stress, infections, illness, fatigue, surgery, anxiety, pollution, temperature extremes, smoking, alcohol and birth control pills deplete it. A component of collagen (which helps keep our flesh firm), it protects our cells from pollutants and poor diet. Essential for blood vessels, prevents bruising and promotes healthy gums.
